VACANCY

We are seeking a highly skilled **Technology Product Head** with a storied history in technology sector. The position required to be a strategic thinker, an effective communicator and an expert in technological development, will work directly under the Chief Executive Officer [CEO] and will act as both a technology and business expert, making decisions that will impact the current and future operations of the Company.

Core Responsibilities:

➢ Setting a vision for technological products that will be used in the Company;
➢ Ensuring that technological resources meet the Company's short and long-term needs;
➢ Outline the goals for research and development of internal and external products as per business needs;
➢ Creating timelines for the development and deployment of all technology products and services;
➢ Involving in decisions on behalf of the Company's technological requirements;
➢ Acting as a mentor to team members;
➢ Maintaining a consumer-focused outlook and aiding in the delivering of IT platforms to the business;
➢ Staying on top or technology trends and developments;
➢ Ensuring all technology practices adhere to regulatory standards.

Requirements:

➢ Bachelors' degree in Software Engineering, Computer Science or a related field;
➢ 4-5 years managerial and project management experience would be a plus;
➢ Advanced technological skill set and a demonstrated history with technology;
➢ Exceptional team management skills;
➢ Excellent verbal and written communication skills;
➢ Ability to delegate efficiently;
➢ Extensive industry knowledge with an eye towards the future.
